### ***Subject: Letter of Undertaking***

Sir,

I, the undersigned hereby undertake that the structural drawing including structural analysis and design for..... storied building of Mr/Mrs..... on plot no..... Thram no. .... conforms to the relevant building codes. The structure is designed based on the safe bearing capacity (SBC) of the soil for the area under consideration and hence structure is safe and sound in every aspect.

I shall therefore be fully responsible for site supervision and liable for structure failure or untoward incidences arising as result of inadequate designs.
